In 1984 we made a shoe.

Shoes For Crews[®] unique slip-resistant outsoles were developed with the distinct mission of keeping workers safe.

We have been an industry leader in safety for over three decades, and have kept more than 150,000 workplaces safe worldwide.

Our shoes are in the finest restaurants, the greasiest kitchens, hectic medical facilities, and industrial manufacturing operations.

Our legacy of safety has been revamped to be more comfortable and stylish than ever, while always keeping you on your feet.

\$5,000

SLIP & FALL WARRANTY

Standing Behind Our Technology

Our mission to get workers home safe goes beyond individuals to entire teams.

Slips and falls cost companies \$70 billion annually, but our corporate programs help reduce the risk of employee injuries, and make comfort, safety, and style available to all of your workers. We're so sure your staff will be safe in our shoes, we'll pay \$5,000 of the medical costs for any injuries they may sustain while wearing them.

Safety Made Simple

We'll handle the details.

Select Your Corporate Program.

SFC PROGRAM OPTION	PROGRAM DETAILS	PAYMENT INFORMATION	AVERAGE PARTICIPATION	EXPECTED SLIP AND FALL REDUCTION*
COMPANY PAID PROGRAM	<ul style="list-style-type: none"> 100% funded by the company Highest employee participation and savings Most effective mandatory slip-resistant shoe policy 	<ul style="list-style-type: none"> Company is billed Net 30 for the 100% subsidy 	≥90%	≥72%
COMPANY SUBSIDIZED PROGRAM	<ul style="list-style-type: none"> Company determines a subsidized amount per pair purchased Remaining balance is paid by the employee High employee participation 	<ul style="list-style-type: none"> Company requires employee to pay the balance directly or offers payroll deduction Company is billed Net 30 for all employee purchases 	50-70%	40-56%
EMPLOYEE VOLUNTARY PAYROLL DEDUCTION PROGRAM	<ul style="list-style-type: none"> 100% funded by the employee Employee permits deductions from his/her paycheck to cover the cost of the shoes Low employee participation 	<ul style="list-style-type: none"> Company is billed Net 30 for all employee purchases Company deducts from employees paycheck to cover the cost of the shoes 	20-40%	16-32%

* Expected slip and fall reduction is 80% multiplied by the average participation percent. Many factors contribute to the cost savings you will see when implementing a Shoes For Crews Safety Footwear Program. The largest is the participation rate you achieve. Shoes For Crews (SFC) estimates that your slip and falls will decline by 80% or more when participation in an SFC Program approaches 100%. Factors that prevent the elimination of all slips and falls include: first-day/new employees and guests not wearing SFC footwear, employees tripping on objects, and employees wearing SFC footwear that is more than 6 months old. These are estimates based on actual customer data; results may vary.

Your Business Is Our Business

2 We serve over one million food & beverage sites in the U.S. & Canada

3 More than 150,000 companies choose Shoes For Crews

4 We serve top global brands in industries worldwide

TESTIMONIALS

"Shoes for Crews has been a valued long-term partner and supplier since 2000, providing the most effective slip-resistant shoes in the industry. Since 2005, we have experienced a 64% reduction in Team Member slip/fall frequency rate, and a 50% slip/fall cost rate reduction related to water/grease claims."

—Rose Roth,
CHICK-FIL-A, INC.

"After implementing [our] program, slip and fall accidents were almost negligible in 2014 and that trend has continued. **Our total number of accidents was cut by nearly 50%.** Our annual cost to provide the shoes was recaptured by receiving a credit to our workers compensation insurance premium."

—David C. Perez,
CHICK-FIL-A, INC.

"With the technological advances Shoes for Crews is making in their products, combined with new styling and a fresh outlook on today's footwear, **we are proud to have them as our leading slip resistant footwear partner.**"

—Britt Roarx, CP-FS
